ABOUT
COMPANY.

Ready Guard Security Services (Pvt.) Ltd. is an ISO certified, established, reliable and accredited security company. The firm is an ISO 9001:2015 and ISO 18788:2015 certified.
The company was established in 2007 and is being headed by retired Inspector General of Police, who has brought with him vast experience in various fields of security, policing and intelligence.

Moreover, the company runs on the experience of many retired Military and Police officers who work in different capacities. The company head office is located in Islamabad with offices in Lahore, Multan, Sahiwal, Karachi, Sukkur, Quetta, Peshawar, Hattar, Swat, Abbotabad and Mansehra with a services network that covers all provinces. The company registered with the Security & Exchange Commission of Pakistan and under license issued by Ministry of Interior, Islamabad. The company is uniquely positioned to provide superior security services in a cost effective manner.

Our commitment to professional quality service is un-matched as RGSS have set extremely high standards security services. The company has been providing high caliber security services for clients since 2007. We provide all our clients with trained and experienced staff who understand the need to be professional. We make sure to give priority to ex-service men from the forces and our staff is thoroughly vetted to regulatory standards. Senior members of staff conduct regular quality assurance checks at client's premises.

Ready Guard is always available to discuss and analyze your security problems. The company will carry out full security analysis to identify the strengths and weaknesses in your premises and advise on adequate security arrangements that are appropriate.
Here at Ready Guard, we fully appreciate that when you are selecting a security supplier, you need complete confidence that the chosen company will not only match your requirements but also maintain highest service levels. This is why we place such importance on building close relationships with our clients.

RGSS BIG
5 PRINCIPLES.

OUR PROCEDURES.

1. SECURITY SURVEY

We begin with a comprehensive securitysurvey to assess your specific needs. Our expert team evaluates potential threats, vulnerabilities, and site-specific challenges through physical inspections and detailed risk assessments. This step ensures we understand your environment thoroughly before crafting a solution.

2. SECURITY PLAN

Based on the survey, we develop a customized security plan tailored to your site. This plan outlines the necessary manpower, equipment, and procedures needed to ensure optimal protection. Every plan is designed with flexibilityand compliance in mind, ad dressing both current risks and future contingencies.

3. DEPLOY AND SECURE

Once the plan is finalized, we deploytrained security personnel and systems to secure your premises. Our guards are carefullyselected, verified, and trained to handle various scenarios with professionalism.

4. 24/7 SUPPORT

Our commitment doesn't end at deployment. We offer round-the-clock support and supervision to ensure continuous protection. Our operations team monitors performance, handles incidents in real time, and remains available 24/7 to address client needs or emergencies without delay
